Adapted Code of Ethics for Youth Working in Leadership Positions at SNUUC

Youth in leadership positions are uniquely visible and influential in any conference community. They should recognize that power imbalances exist in their interactions with other conferees.

Inappropriate sexual behavior is never acceptable; additionally, youth leaders should remain aware of the impact of their actions and behave accordingly. Youth who abuse their roles as leaders, consciously or not, can damage individuals and the community. Youth leaders are expected to use their influence in a positive manner.
